Subject: Notice of zoning amendment Application NO. PL2022-093 Shayla Road

EXTERNAL Verify links before clicking.

Hello my name is [REDACTED], I lived in the area for 45 years, I don't want to see more development in the area of the application proposal, [REDACTED] and would like to see the the property stay the same size and not be subdivided. We have a beautiful recreational area with a a unique bio diversity of wildlife abundant with frogs birds and many other animals that live around the lakes and surrounding forest. More development close to the lakes puts more pressure on the eco system, I do not want the the subdivision of 1035 Shayla Road.

I would like to request my name and information be redacted from the public and kept confidential.

Hello there .

My name is [REDACTED] and I would not like to see more development on Turnbull rd Qualicum beach .

I grew up in the area for 35 years and do a lot of fishing and recreational things in the area . I've seen a lot of change with new developments and don't think more would be great for the eco system. There's lots of wildlife in the area that would be affected by this . Would be better for the area to be left alone . Thank you for reading this and keeping our community small .
