RE:

Application PL2023-146 for 950 Clarke Road

I did not have an opportunity to complete a fulsome walk about and discussion with the owner of the property in question.

Having had a personal emergency, I was unable to attend the original meeting.

In this, I cannot speak to the request to move sand and replace it with soil.

I attended the property and spoke to the renter who tried to help with my inquiries.

Kind regards,

Director Leanne Salter
