

**Delegation:** S. Wood, San Pareil- Shorewood Owners and Residents Association

**Subject of Presentation:** EA G - Maple Lane Park upgrades

**Summary:**

Putting the current thoughts of SSPORA as a priority for Maple Lane Park upgrades, which include a new toddler-accessible swing set, and removal/upgrades of the dated tractor tire and resident-installed climbing structures, we'd like to look at the idea of building a dirt pump track for bicycles.

I'll have a more detailed summary ready prior to the meeting in spring 2019.

**Action Requested:**

Along with existing SSPORA thoughts, consider dirt pump track for Maple Lane Park.
