By learning traditional skill sets, participants gain the confidence to expand the variety and volume of food they grow in their backyard or in a community garden. They recognize the merits of purchasing the balance of their food from local farmers. Our season's wrap up, CFI Apple Pressing and Farmers Feed Families Event, provides an opportunity for non farmers to meet local producers, discover the variety of food that is produced locally and arrange for purchase and sale. + (Please attach any supporting materials and documents produced as a result of the project.) |

EXPLAIN HOW YOUR PROJECT SUPPORTS THE PRINCIPLES AND PRIORITY AREAS OF THE PROGRAM:

Our project will focus on our ability on Vancouver Island to feed ourselves, whether from our backyard or community garden, or by purchasing from a local farmer. Our natural resources of arable land, clean water and mild climate supply the means to meet the consumer's demand for ethically produced food. Vancouver Island has unique challenges in food security, if impacted by eco-geologic events. A robust local food delivery model can address this. See attached Overview for more details. +
